

SUMMER

In the summer there is a lot of sunshine,
and the sun is rising early at the skyline.

The air is clear and the flowers bloom,
can you also smell the summer perfume?

The ice cream truck is on its way,
and now for the children it's a perfect day.

They are jumping into the swimming pool,
because now there is no primary school.

The days are sunny, hot and long,
In the evening I'm listening to a campfire song.

In the summer there is a lot of sunshine,
and the sun is setting late at the skyline.
